

**Richard H. Drew, PharmD, MS, FCCP**

Professor and Vice Chair of Research and Scholarship  
Campbell University College of Pharmacy and Health Sciences  
Associate Professor of Medicine (Infectious Diseases)  
Duke University School of Medicine  
Durham, NC

Dr. Richard Drew is Professor of Pharmacy and Vice Chair of Research and Scholarship at the Campbell University School of Pharmacy in Buies Creek, North Carolina. In addition, he is Associate Professor of Medicine, Infectious Diseases and Clinical Pharmacist, Infectious Diseases and Internal Medicine at Duke University Medical Center and School of Medicine in Durham, North Carolina.

After completing a Bachelor of Science in Pharmacy at the University of Rhode Island and a Residency in Hospital Pharmacy at Duke University Medical Center, Dr. Drew went on to earn a Master's of Science in Hospital Pharmacy and a Doctor of Pharmacy at the University of North Carolina at Chapel Hill.

Dr. Drew is the author of numerous articles and several book chapters. He serves as a reviewer for several journals including *Clinical Infectious Diseases*, *Annals of Pharmacotherapy*, *American Journal of Health-System Pharmacy*, and *Antimicrobial Agents and Chemotherapy*. His chief areas of research interest are gram-positive infections, respiratory tract infections, and information technology. Dr. Drew's research was acknowledged in 2008 when he received the Dean's Award for Research Excellence, Campbell University School of Pharmacy. An active member of several professional associations, Dr. Drew is past-president of the Society of Infectious Diseases Pharmacists.
