

Jason M. Pogue, PharmD, BCPS, BCIDP

Clinical Professor
Department of Clinical Pharmacy
University of Michigan College of Pharmacy
Ann Arbor, MI

Dr. Jason M. Pogue, PharmD, BCPS, BCIDP, is a Clinical Professor of Infectious Diseases in the Department of Clinical Pharmacy at the University of Michigan College of Pharmacy in Ann Arbor, Michigan. He is also an Infectious Diseases Clinical Pharmacist at Michigan Medicine.

Dr. Pogue received his bachelor's degree in Chemistry from Gannon University, before obtaining his Doctor of Pharmacy degree from the University of Pittsburgh. He then completed a PGY-1 pharmacy residency at the University of Pittsburgh Medical Center followed by an Infectious Diseases PGY-2 residency at the University of Michigan Health Systems. His research interests focus on epidemiology and management of multi-drug resistant Gram-negative organisms and antimicrobial stewardship. Dr. Pogue is a recognized leader in Gram-negative resistance and Antimicrobial Stewardship. He has published numerous peer-reviewed articles, multiple book chapters, and presentations at national and international conferences. Dr. Pogue is an active member of The United States Committee on Antimicrobial Susceptibility Testing (USCAST) where he is intimately involved with antimicrobial susceptibility breakpoint setting.
