

**Debra A. Goff, PharmD, FCCP**

Clinical Associate Professor  
Infectious Disease Specialist  
The Ohio State University Medical Center  
Columbus, OH

Debra A. Goff, PharmD, FCCP, is an Infectious Disease Specialist and Antibiotic Utilization Review Coordinator at The Ohio State University Medical Center (OSUMC) in Columbus, Ohio. She is an associate professor at the College of Pharmacy. Dr. Goff also serves as Preceptor in the Infectious Disease Residency Program at The Ohio State University Medical Center. Dr. Goff received her pharmacy degree, Doctor of Pharmacy degree, and performed her Pharmacy residency at the University of Illinois at Chicago.

She has received numerous research grants and has lectured both nationally and internationally. She has published in several journals, including *Clinical Infectious Diseases*, *Pharmacotherapy*, *Current Opinion in Infectious Diseases*, and *Archives of Internal Medicine*.

At the Ohio State University Medical Center, Dr. Goff is part of the antibiotic management team. She is actively involved in developing strategies to control the escalating rate of antimicrobial resistance. The team manages both community-acquired and healthcare-associated infections. Her research interest includes antimicrobial resistance, clinical outcomes research, and antifungals.
