

**Heather R. Bream-Rouwenhorst,
PharmD, BCPS**

Clinical Assistant Professor
University of Iowa College of Pharmacy
Clinical Pharmacy Specialist – Cardiology
University of Iowa Hospitals and Clinics
Iowa City, IA

Dr. Heather Bream-Rouwenhorst is an Assistant Professor (Clinical) at the University of Iowa College of Pharmacy in Iowa City, IA, and a Clinical Pharmacy Specialist in Cardiology at the University of Iowa Hospitals and Clinics. Her primary practice is with the Cardiomyopathy Treatment Program (including heart failure and transplant), Lung Transplant, and the Respiratory Specialty Care Unit. She serves as a PGY1 residency project advisor and as a preceptor to residents and PharmD students.

Dr. Bream-Rouwenhorst received her Doctor of Pharmacy from the University of Iowa and then went on to complete her general practice and critical care specialty residencies at the University of Iowa Hospitals and Clinics. In addition to her areas of practice, her other interests include critical care, internal medicine, and infectious disease.
